

Supporting a Healthy Life with High-Quality Nutritional Supplements

Aiming to be a comprehensive healthcare provider, Mochida Pharmaceutical is developing nutritional supplements as a new line of business. We select raw materials based on expertise acquired through our drug research and development and offer products that have been manufactured with strict attention to quality. Mochida Pharmaceutical continues to explore opportunities in new areas.

Vitacollage Series

The *Vitacollage* series employs high-quality raw materials and carefully selected combinations of ingredients. Reflecting heightened interest in lifestyle habits, the *Vitacollage* series provides an extensive lineup of supplements which help improve dietary balance, enhance beauty, and maintain health, including *Peccorina*, which is a new easy-to-use nutritional supplement specially suited to people who are dieting or careful about excessive carbohydrate intake.
