## **Announcement of New Drug Approval for Epadel in China**

Mochida Pharmaceutical Co., Ltd. (Head office: Shinjuku-ku, Tokyo, President: Naoyuki Mochida, hereinafter “Mochida”), Marubeni Pharmaceutical (Suzhou) Co., Ltd., a Chinese subsidiary of Marubeni Pharmaceuticals Co., Ltd. (Head office: Suzhou, Jiangsu Province, Chairman of the Board & CEO: Yoshitaka Koketsu, hereinafter “Marubeni Pharma”), and Meiji Seika Pharma Co., Ltd. (Head office: Chuo-ku, Tokyo, President: Toshiaki Nagasato, hereinafter “Meiji”) announced that Mochida obtained new drug approval from the China National Medical Products Administration (NMPA) on December 22, 2025 for EPADEL S<sup>®</sup> (product name in Japan: Epadel S900, development code: MND-21), a highly purified eicosapentaenoic acid (EPA) ethyl ester formulation developed in China by Mochida and Marubeni Pharma for the treatment of severe hypertriglyceridemia.

Mochida has entered into a distribution agreement with Meiji for the marketing of EPADEL S<sup>®</sup> in China. Following this approval, Mochida will supply the product to Meiji, which will distribute it through its affiliated partner in China, MAXMIND Bio-Technology (Hainan) Co., Ltd. In addition, Mochida will provide support, including the provision of information, to MAXMIND Bio-Technology (Hainan) Co., Ltd. through Meiji.

Mochida and Meiji have entered into a contract for the sale of Epadel in the ASEAN region, including Thailand and Vietnam, and Taiwan. As of today, Epadel is being sold in Thailand, and preparations are underway for its launch in Vietnam.

Going forward, Mochida, Meiji, and Marubeni Pharma will work together to deliver EPADEL S<sup>®</sup> to patients in China and contribute to improving their quality of life.

### About Epadel

Epadel is a highly purified EPA ethyl ester formulation developed by Mochida as the world's first medical drug. The active pharmaceutical ingredient is supplied by Nissui Corporation, which has advanced EPA purification technology and the capacity for mass production. Since its launch in 1990, it has been taken by many patients, as the flagship drug of Mochida.
